Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Optimizing the Value Chain on Desktop Workstations We discuss developments in the theory and practice of integrated planning based on the concept of a company s value chain. We provide details of quantitative analyses performed on powerful new workstations using a data management and modeling system based on linear and mixed integer programming. The system employs spreadsheets, a fourth generation data management package, and a graphics package to support model data entry, reporting and maintenance. Our discussion includes an in-depth treatment of an integrated planning study in a consumer products company. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
