THE ITALIAN CHRONICLES OF A ROGUE TOURIST: VOLUME I: DISCOVERING CALITRI

Riverside Press, United States, 2015. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.The Italian Chronicles of a Rogue Tourist, Volume I: Discovering Calitri, is a collection of travel essays written during the years 2006 through 2008. This first volume recounts the initial adventures of an American couple who purchase a home in the southern Italian town of Calitri. Lofty, medieval Calitri cascades down the side of a bluff, halfway between Naples, on Italy's left coast, and Bari to the right. On the day of their arrival in the medieval Borgo, a curious town official approached them and asked, Why you come here? The answer to that question resides in the fact that Calitri is the real face of Italy, as yet untouched by tourism. Its cobbled hallway-like streets, once restricted to the passage of pedestrians, horses and pack animals of old, today remain too narrow for automobiles to negotiate. Their home away, Casa della Feritoia is nestled among these winding lanes in the heart of Calitri's Borgo. Through his creative and descriptive passages, Monico takes you on a singular and enticing journey, from rarely tourist-traveled villages to spectacular and famed landmarks. Paolo's insight and wit draw the reader into a beautifully crafted series of essays. Become a tourist yourself, as you imagine sampling classic Italian cuisine, harvesting grapes, exploring caverns beneath Calitri, or meeting its quirky and charming inhabitants. Traverse Italy with the author and his wife, Maria Elena, as they venture...
