The Department of Defense (DOD) spends billions of dollars each year acquiring services through task orders issued under multiple-award contracts or the General Services Administrations federal supply schedule program. However, previous GAO and DOD Inspector General reports found that DOD was not obtaining the level of competition on these task orders that Congress had envisioned. Congress responded by enacting section 803 of the National Defense Authorization Act for Fiscal Year 2002, which requires procedures to promote competition and provides when waivers of competition are allowed. In response to a congressional mandate, GAO identified the extent to which selected DOD buying organizations waived the competition requirements of section 803 and determined the level of competition on orders available for competition. For this review, GAO randomly selected 74 orders at five DOD buying organizations. This item ships from La Vergne, TN. Paperback.
