In this respect, they regard Carlyle's influence upon Emerson's writings as noteworthy. Both writers became significant representatives of the Victorian Age due to their numerous achievements in literature at the time. While Carlyle attained great success in New England and became the leader and spokesman of New England Transcendentalists (Thompson 452), Emerson was America's great philosopher-psychologist-poet of the Self (Mott 61). Both of them came to hold a dominant presence in the still developing culture of a new age and gained significant notoriety within literary circles. 24 pp. English.
