

The Shop Committee: A Handbook for Employer and Employee (Classic Reprint)

Filesize: 4.12 MB

Reviews

Definitely one of the better publication I have got possibly read. It really is writter in basic phrases and not difficult to understand. You wont sense monotony at anytime of your respective time (that's what catalogs are for about if you request me).

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Shop Committee: A Handbook for Employer and Employee This book is neither a treatise, a history, nor a complete study of the shop committee movement in the United States and abroad. It is primarily a handbook, designed to present only the essential principles and facts about this movement to those who desire to know what shop committees are and how they work in a few of the many instances in which they have been established. This book is largely the result of the writer s experience as an administrator for the National War Labor Board, somewhat broadened by research in the field outside of the activities of that Board. This field is but recently come under cultivation: the shop committee is a new thing in industry and is still in the stage of experiment. All the signs, however, indicate that the experiment is a promising one and that for many years to come workingmen and employers will continue in increasing numbers to develop intra-factory machinery intended to eliminate friction, bring about good relations, and promote the practice and extension of genuinely collective bargaining. As an imperfect record of the achievements of recent months in this direction, this volume is respectfully offered to the interested public. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
