Brand New Book ***** Print on Demand *****.Excerpt from Vegetable Culture for Amateurs, 1913: Alphabetically Arranged With a Practical Calendar of Operations for the Year To grow high-class vegetables it is imperative that seeds of the highest order be purchased. It is quite useless to expect the finest vegetables of really good flavour from cheap seeds, that have not been carefully selected, and all rogues weeded out and their germinating power tested. The price may be higher, but the result pays over and over again. Nothing is more disappointing than after labour, expense, and attention have been bestowed on a crop to find it of an inferior variety. In the present manual the vegetables are described in alphabetical order. Cultural details for each kind are given, together with a list, of those varieties which have proved thoroughly reliable for home consumption, and, if desired, suitable for exhibition. Further, the most suitable manures for each crop on the average soil, and the principal insect and other pests to which it is liable, with the most effective method for prevention and cure, are enumerated. I have...
